Mr. Valley,

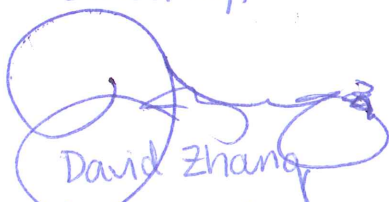

On behalf of the SDSU Joan and AA Barron Veterans Center and our 3500+ military, veterans, and their families, we wanted to thank you for your foundation's continuing support for our Wounded Warrior Academic Advisor. Your contributions support hundreds of wounded, sick, injured, and ill Marines and Sailors every year and help us provide the academic information and guidance they need to begin a new chapter of their lives.

It may please you to know that led in part by your foundation's great support for the academic advisor position, we have also gone on to create a special admission program for the Wounded Warrior Battalion - to facilitate not only entry into our university, but also to provide the mentorship and resources needed for them to excel.

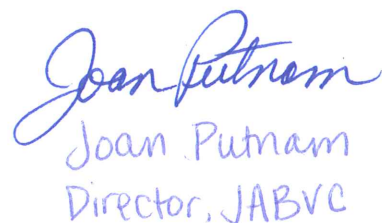

If you think it would be of value, we would both be honored to be present at your next golf event to offer your donors a short presentation on what their contributions have allowed us to accomplish over these past years.

You will find enclosed a small token of appreciation for your support and to welcome you as a member of our team. Again, thank you very much for everything you, your foundation, and your donors have done to support our Wounded Warriors.

Sincerely,

David Zhang
Associate Director of Development, Troops to College
