Dear Mr. Semcken:

Thank you for the Land of the Free Foundation's recent gift of \$50,000 to the West Point Leadership Center. We appreciate this generous gift and know that it will make a great difference for this academic center.

The West Point Leadership Center's mission is to advance and nurture responsible leadership development through an array of programmatic initiatives. First and foremost, the center focuses on cadets—our nation's future leaders—by providing them with opportunities to receive advice from top-tier executives, to examine and assess their own leadership styles and those of others, and to gain practical leadership experience. We thank you helping West Point remain the premier leadership development institution.

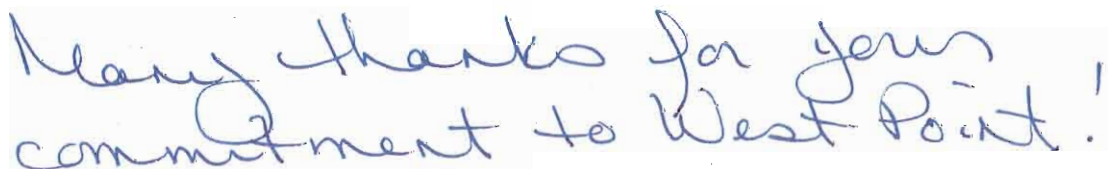

Your generosity has also allowed us to make remarkable progress in the West Point Association of Graduates' \$350-million *For Us All: The Campaign for West Point*. This campaign, which concludes December 31, 2015, is designed to sustain and advance the United States Military Academy and the Long Gray Line, and we thank you for helping us reach this important goal.

Thank you for sharing in our mission to serve West Point and the Long Gray Line. We appreciate your generosity and commitment.

Sincerely,

Kristin E. Sorenson  
Vice President of Development

Many thanks for your  
commitment to West Point!
